### TK1001

#### ENGRAVING SERVICE

Laser engraving is carried out with a diode-laser machine, whereby the inscribed material itself is modified. Therefore the engraving quality, colouring & energy input are very much dependant on the material. Laser inscriptions are waterproof, smudge proof and durable and they can be carried out quickly and individually.

## Helicopter Paper Weight/Clip Holder

TK2001

Size: 150mm x 165mm x 65mm
